

**Jack Sparrow  
Tortuga,  
The Hispaniola in the Caribbean  
(Unless otherwise sailing)**

**Objective:**

Looking for a term of employment upon a ship. Any position is wonderful, however I have the most experience as a second to first mate and Captain.

**Work Experience Summary:**

Good at drinking rum.

Good people skills.

Good beastie skills (they always seem to want to eat me)

**Education:**

Overly educated. Most of it was nonsense!

**Personal:**

I love raiding, pillaging, drinking rum, plundering and otherwise pilfering my weaselly, bleeding, black guts out.
